

# Constructing Futures

Part of AccXel

- ➔ To bring new talent into the industry at every opportunity and invest in trade skill's
- ➔ To provide worthwhile learning and development to the current workforce
- ➔ To support staff in reaching their full potential, and to offer progression where possible and encourage lifelong careers in construction
- ➔ To promote diversity in construction by removing barriers that might discourage underrepresented groups from applying
- ➔ To support personal development, mental health & wellbeing
- ➔ To become a Constructing Futures ambassador to encourage other construction industry employers to realise the benefits of skills investment
